Experience

Welory Solution

5 years 6 months

Founder

July 2016 - Present (5 years 6 months)

Petaling Jaya, Malaysia

Freelance Web Developer

July 2016 - July 2016 (1 month)

Selangor, Malaysia

As a full stack web developer, I communicate with my client to understand their requirements and produce websites / web system that they need using WordPress / Laravel framework with maintainability, usability and performance in mind. I also work with designers and bring their web designs to life using animations through CSS and JavaScript.

Quintiq

Application Consultant

April 2016 - May 2018 (2 years 2 months)

Bandar Utama

As a Quintiq Specialist, I focus on help the company in building Supply Chain Planning software with their in-house technology, following their modelling style guide that focuses on the software performance and maintainability. I usually collaborate with offshore teams from different countries to learn about the requirements and deliver the software to them.
